

## Facebook: Jesus is greater Video

---

### #JesusChangedMyLife

#### - What is this?

- This is an opportunity to share how Jesus has changed our lives through social media in a way of engaging our community with why we are Christians

#### - What do I do?

- Make a 30 second video of yourself explaining how Jesus changed your life
- Then send it to Brian at [briandmoffatt@gmail.com](mailto:briandmoffatt@gmail.com)

#### - What do I need to say?

- You can say how Jesus changed your life. But we want to use 4 key phrases:
- “Hi I’m a Christian today because Jesus changed my life.”
- “My life use to be....”
- “But now since I have come to know Jesus...”
- “So come find...(then pick something like hope, forgiveness, grace, mercy, joy, satisfaction, identity, love, family, etc...) in Jesus.”

#### - What is Friendship Baptist Church going to do with it?

- We are going to compile it together using iMovie and create a few minute clip of all of us collectively saying, Jesus changed our lives so we can have a collective witness to our community.
- We don’t want Jesus to seem smaller than the pandemic we are facing
- We want people to know there is hope in all circumstances because of Christ.

#### - Can’t I just make a video on my own and post it?

- Sure! If you want to do that, please do :) But sending it to the church is a way where we can collectively with one voice give a message of hope that we think is particularly strong when we voice it together.
