

## Spring News from John and Cheri

Spring has finally come to Vancouver, and 40 thousand Cherry trees have covered the city with their soft pink. Its amazing that even with such a display of God's glory, only 3 percent of the population regularly attend a Christian Church. Please pray for Vancouver's churches.

The Lord blessed us this semester, two East Asian students joined us at English Corner then took the Alpha course and are now studying Chronological Bible stories. They have such a limited time in Vancouver. As visiting scholars Lee and Zhen will soon return to East Asia. We are delighted to help them explore faith in Jesus Christ. We were overjoyed when Zhen said, I have decided to follow Jesus. Please pray for Zhen to be deeply rooted in Jesus before he returns home this fall. Lee continues to ask deep questions about the stories, pray the Lord will open Lee's brilliant mind to say yes to Jesus.

Easter was a lot of fun with the children from Vancouver Gospel Baptist Church. We shared the Easter story then went to a nearby school yard to find plastic Easter eggs.

We also enjoyed an Easter dinner with a family from Ukraine, who Cheri helped with English classes at the Immigration Services Society. The husband was previously a project manager in a high-tech industry, but now he is a plumber's helper. It's the typical immigrant story. Please pray for the many refugees and immigrants that they can quickly master English and re-establish professional

status. It's humbling to cross cultures and start a new life as an English student and day laborer. Pray we can continue to be helpful new friends, who let them explore a new life with the Lord Jesus.

We plan to keep working in Vancouver for the next few years and occasionally visit Ohio to promote missions and visit family.

## Romans 10:15

And how will anyone go and tell them without being sent? That is why the Scriptures say, "How beautiful are the feet of messengers who bring good news!" (NLT)
